ぼふっ
To be done that by a friend of a friend's...
Forced to sleep and then extradited...
There just isn't anything I can do, huh...
I knew it... Kio... must be in a bad mood now, right...
...If you become a specialist, you can no longer turn down any orders...
Father... I think you shouldn't return to this line of work...
Oh yeah... I told my father too, didn't I...

Kio-chan came for youuu!!!
Maranuu!!!
W-What's up?
I don't have much time so quickly tell me what you want!
Where did you take her? I want you to tell me.
Elis.

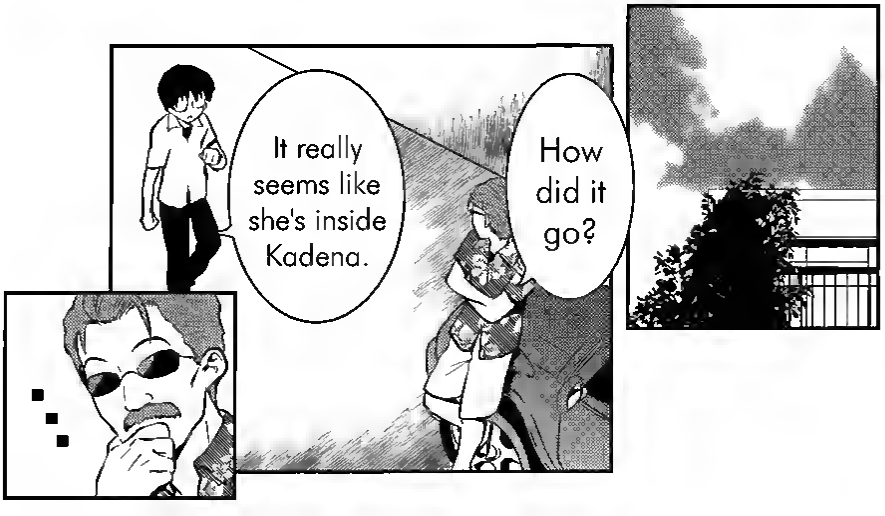
What's up with that... Why did you come to my house..?
When I woke up, only Elis disappeared.
It felt like we were shot from a Corvette with a tranquilizer today.
You were there, right?
I'm pretty sure you were inside that Corvette.
...D-Don't say stupid stuff...
That Kio-cchi speaking so certainly
I saw you back then.
That wristwatch.

I even heard your voice after you got out of the car
That time, I was aware for quite a little while.
You cared more about that thing than your injuries.
The G Shock. At the beginning of this year, you fell from your bike and got injured.
Of course I'd know. Even if the atmosphere changes
Both of us How many years do you think we've played together now?
.....
Haa
I..
was
Wh-
You were there, right?

Why did you do such a thing?
...For our future.
Well I'm pretty sure I told you that my father's an employee in our base, right?
...Really, it's more an observer that's working with the CIA.
When he gets a request, he helps with the CIAs investigations and intel gathering
..Me too... Eventually, my dream is to become a CIA operative ..
That's why. . That... I want some results...
And it was for that reason that you had to attack me, and take Elis ?
.....
You're awful... Manami-chan...
.....

I think she said the letter F Storehouse, however...
Inside the Kadena base...
Where did you... take Elis?
I'm... not a specialist, so... She can't take me inside.
So then, Jack...
Jack? That person? She's not male?
The girl who was there too.
JACK?
Huh?
What? Are you misunderstanding?

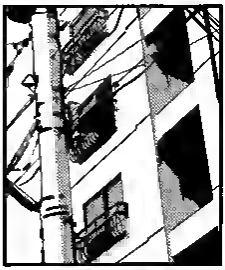
Aha... Haha...
So that Jack-san was really a girl...
Is that so! Well that's great. I was totally off the mark.

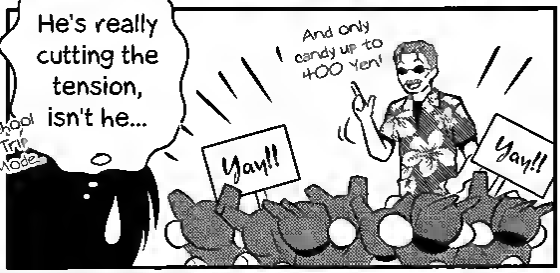


It really seems like she's inside Kadena.
How did it go?

Well, just leave it to me.
Okay, what should we do from here on?
Of course not!!
I could never do something like that to Manami-chan!!
That strong-willed Manami-chan
...Could it be possible you attacked her?
Hm?
Please take us!!
Take us!!
So you want to go together with us?
However its really poor handwriting
What a mysterious little company... So they try to get you to understand via signs, huh..

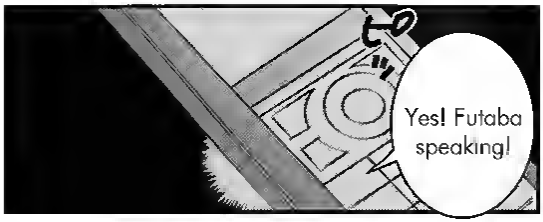
But don't moke o ruckus or get violent in the cor!
Ookoy then! I got it! I'll toke you to your moster!





He's really cutting the tension, isn't he...
School Trip Mode
And only candy up to 400 Yen!
Yay!!
Yay!!

Futaba Aoi
Codename: Momiji
Ordered to be placed under house arrest by the aforementioned person.
Due to her own personal reasons, she abandoned her professional duty and caused the operation to result in a failure.
Forbidden from leaving until formal decisions regarding her punishment are made.
Well this result is expected...
Or actually, I guess I should say that it was rather light.



Yes! Futaba speaking!

Ah..! Erm... K-Kakazu-kun?

Ah... Futaba... san?

Now well... I... can't really make it...
YEAH HEY... TOMORROW... WE MADE A PROMISE TO GO SHOPPING TOGETHER. BUT...
W- What's the matter?

I have a little something I need to do...
I think I won't be able to return for a little while.
Sorry...
Kakazu-kun... That's just...
ONCE I RETURN, I'LL BE ABLE TO RECEIVE CALLS AND E-MAILS AGAIN. SO...
SEE YOU LATER...
ピッ

Yeah
Anywho, weapons and manpower are necessary... Right...
That's not it, Uncle!!
Quite a lotta girlfriends you're making, huh, nephew kiddo
And you chibis? Did you bring anything?
Do you.. have any weapons?
Well no It was a bit sudden, so I dont have anything
Well that's true toa, huh.
And above all, I'm not exactly into any sports either.

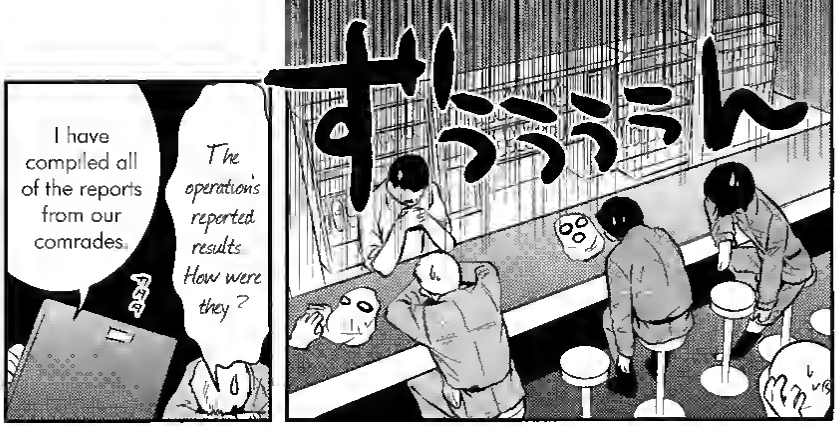
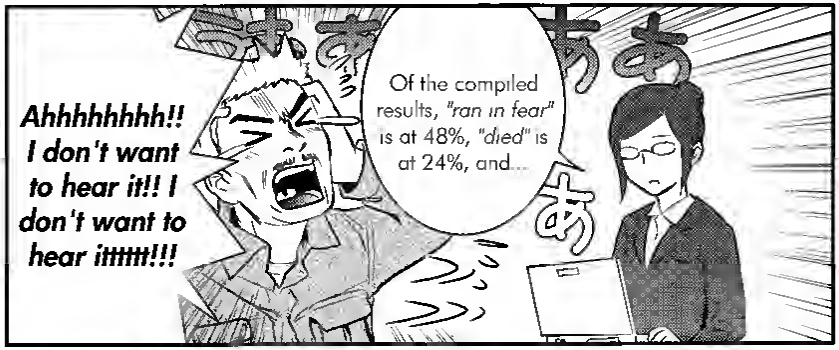
ピコピコハンマー!

Kio. This is yours.
?
...Okay. Well then, please use them.
Waha-haha!! Men shouldn't worry about such minor details!
Okay! Let's go
Uncle... This... Where did you...
What? It only has tranquilizer shots inside. The load uses a .38 caliber, so... Feel free to shoot as you please.
S&W M686 3" Model.
As long as you don't shoot them in the eyes it won't be that big an injury...
And this is mine.
Briefing!
GETTOU BAR



すうぅぅん
I have compiled all of the reports from our comrades.
The operations reported results. How were they?

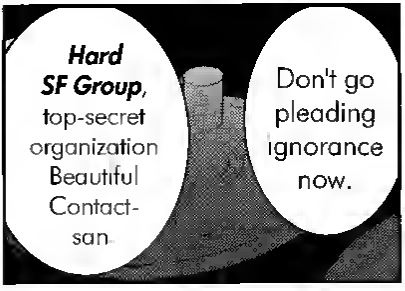


Ahhhhhhhh!! I don't want to hear it!! I don't want to hear itttttt!!!
Of the compiled results, "ran in fear" is at 48%, "died" is at 24%, and...

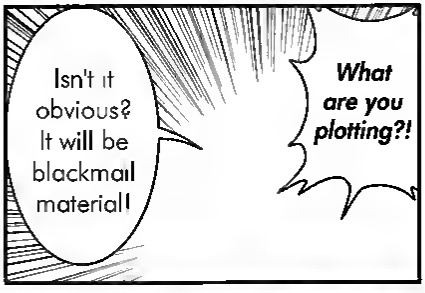
ドドドドド
……?
This is absurdly frightening! For some unknown being to trespass here!
However! However!!! If you're oll going to soy thot crap, then why don't you guys go try it out your-selvesss!!!

Heyyy!!! What's up! What's up!!
Members of Beautiful Contact!
Hello folks! This'll suck, but... Could I get you guys all to stay still like that, hm?
Okay then, for now...
Well...
Okay! Cheese!!
ニヤ

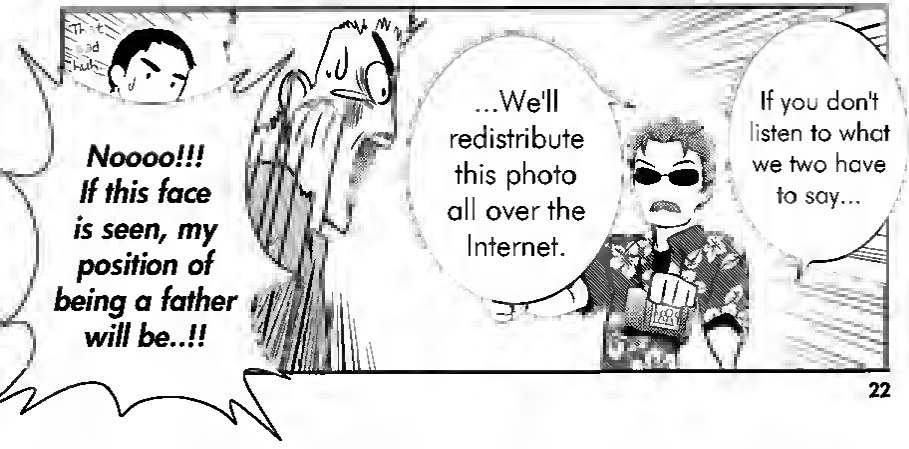
B-Bastard! What are yo-
And Transfer complete.
Ahh... Now stay still like that.



Hard SF Group, top-secret organization Beautiful Contact-san
Don't go pleading ignorance now.



What are you plotting?!
Isn't it obvious? It will be blackmail material!



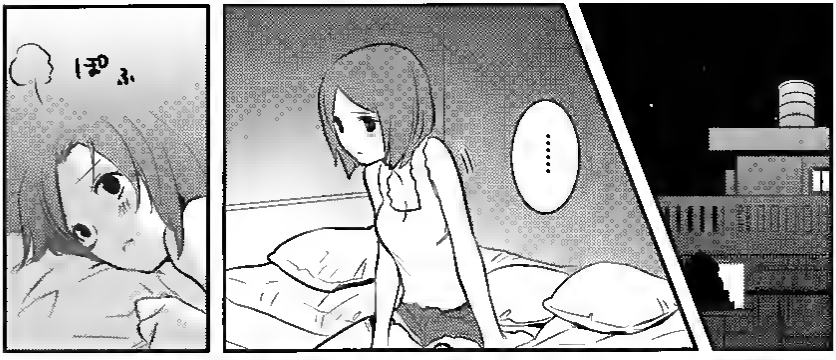
If you don't listen to what we two have to say...
...We'll redistribute this photo all over the Internet.
Noooo!!! If this face is seen, my position of being a father will be..!!

K-Kakazu-kun!!
Well... You're different than some random religious group somewhere, so I doubt public welfare would immediately come to apprehend you guys, however
Itokazu-sensei?!!
So that's it. That time... The person shouting from the car was...
..There is a possibility that some sort of pressure may be added onto this temporary base...
Your rather crude acts are going international now, hmm?
I think it was last year... All of the data for the SETI Project was completely erased...
The heap of metal that fell in the outskirts of London was stolen...
And even in Japan, I recall all the classified data in the Japan Defense Agency being completely erased, causing the use of the badge system to be suspended...

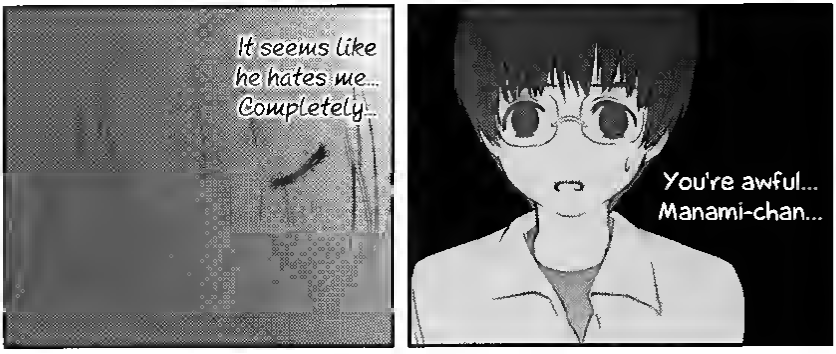
※ SETI Project = Search for Extraterrestrial Intelligence Project

...No matter what, it seems like you wanted her to be your first contact.
And with this extremely strangely built ideal alien of ours...
...They did all that sorta stuff?
B-But mankind needs to evalve praperly!!
S-S-So that's why, that...
.....
For those kinds of people who don't meet the norm even in the slightest bit, you decide to severely obstruct our contact with them, right.
Whaaat? You just need to compensate my nephew!
Then what are you telling us ta da?!
Especially in a situation like this.
Don't push your own preferences on an outsider

I want you to infiltrate the Kadena base.
Those White guys there should be able to do that, right?

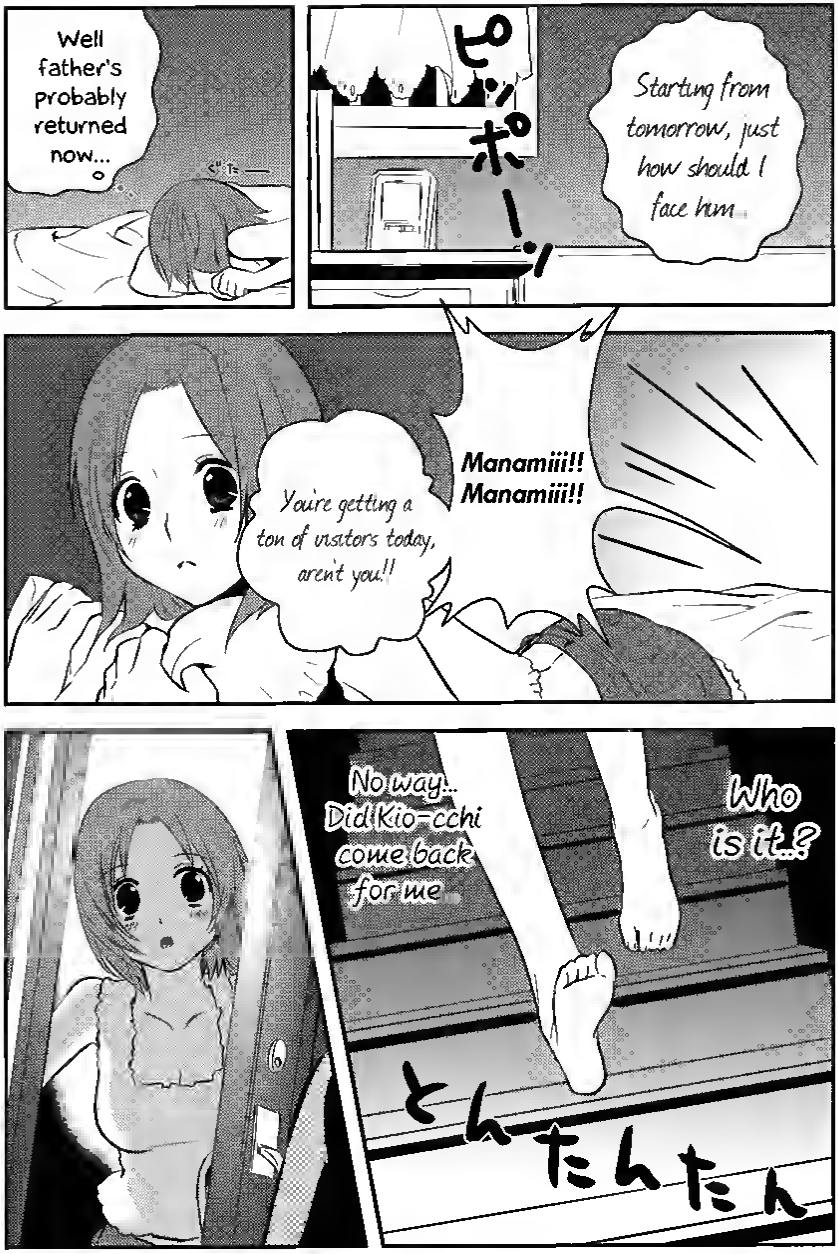


……



It seems like he hates me... Completely...
You're awful... Manami-chan...

So Jack-san was actually a girl...
Well that's great. I was totally off the mark...
I didn't think the day Kio would stare at me with those frightening eyes would ever arrive.
He even clearly remembered the watch incident...
And it wasn't even anything related to Kio...
I probably made a huge mistake huh. Me...



Well father's probably returned now...
ピンポーン!
Starting from tomorrow, just how should I face him
Manamiii!! Manamiii!!
You're getting a ton of visitors today, aren't you!!
Who is it..?
No way... Did Kio-cchi come back for me
とんたんたん

Good evening. I'm pleased to meet you
